And whereas it was further directed that subject to the provisions of the said Act, and amending Acts, the cost of such survey and other expenses connected therewith should in respect of the area of land contained in the streets and lanes be charged against the said city, and in respect of the lots or land should be taxed against the owners thereof in direct proportion to their respective areas contained within the limits of the survey; and that the proportion of costs taxed against the lots or land when determined should be assessed proportionately against the lots or lands so affected, and should become a lien thereon, to be collected in the same manner as other taxes:

And whereas said special survey and plan have been made under the guidance of, and instructions from, the District Registrar of the Vancouver Land Registration District in which the said lands are situate:

And whereas the field-notes of said survey and said plan, together with a statement of the costs incurred by such survey, and in what proportion they are to be taxed against the said city, and against the lands affected by such survey and plan, have been filed with the Provincial Secretary to be submitted for the approval of the Lieutenant-Governor in Council:
